Actual ATech Investigation Services, Inc. case samples for other attorneys:

Case Sample #1:

ATech Investigation Services, Inc. uncovered through surveillance a deadbeat dad who was working under the table, claiming no income. The evidence collected resulted in proving he was self-employed. The court then granted an increase in child support.

Case Sample #2:

ATech Investigation Services, Inc. worked with a law firm who wanted to locate a missing witness. A statement was obtained once the witness was located and their testimony was used as a key piece of evidence during trial.

Determining guilt or innocence can be an exercise in futility without an arsenal of investigative tools. Armed with these tools, ATech Investigation Services, Inc. will provide the evidence necessary to expedite your case.

Our staff consists of ex-law enforcement and military personnel who have experience in all aspects of civil and criminal investigations.
